Commissioner's Corner

As we wrap up another pool season, I would like to take an opportunity to look ahead and hear from our Brownsboro Farm residents.

Our neighborhood pool is an important part of our community, but we know that not every household chooses to purchase a pool membership each year. As the Commissioner responsible for the pool, I would like to better understand why some residents choose not to join and whether there are changes we could consider that would make the pool more appealing or accessible to more members of our community.

I created a short Pool Membership Survey and would especially like to hear from residents who are not currently pool members, including those who have been members in the past but chose not to renew.

The survey asks about factors that may influence your decision, including membership cost, how often your household would use the pool, membership options, pool hours, amenities, activities, and other considerations. There is also an opportunity to share ideas or feedback that may not be addressed by the survey questions.

Please know that the purpose of this survey is not to convince anyone that they should join the pool. We simply want to listen and learn. Understanding why residents choose not to participate is just as valuable as hearing from those who do.

Your feedback can help the City Commission better understand what our community values and guide conversations as we begin planning for future pool seasons.

If you are not currently a pool member, I hope you will take a few minutes to complete the survey. We want to hear from you!

Thank you for helping us continue to make Brownsboro Farm a wonderful place to live.
